

Lecture 5: Brownian Motion

Tianpei Xie

Feb. 1st., 2023

Contents

1	Brownian Motion	2
1.1	Definition	2
1.2	Construction of Brownian Motion	2
1.3	Markov Property of Brownian Motion	2
1.4	The Brownian Sample Paths	2
2	Stochastic Integration	2
2.1	Construction of the Stochastic Integral	2
2.2	Change of Variable Formula	2
2.3	Representations of Continuous Martingales via Brownian Motion	2
3	Stochastic Differential Equations	2
3.1	Definitions and Examples	2
3.2	Existence and Uniqueness of Solutions	2
3.3	Properties of Solutions	2
3.4	Linear Stochastic Differential Equations	2

1 Brownian Motion

1.1 Definition

1.2 Construction of Brownian Motion

1.3 Markov Property of Brownian Motion

1.4 The Brownian Sample Paths

2 Stochastic Integration

2.1 Construction of the Stochastic Integral

2.2 Change of Variable Formula

2.3 Representations of Continuous Martingales via Brownian Motion

3 Stochastic Differential Equations

3.1 Definitions and Examples

3.2 Existence and Uniqueness of Solutions

3.3 Properties of Solutions

3.4 Linear Stochastic Differential Equations
